Dear Sir/Madam:

Supplemental Information Disclosure Statement

On February 6, 2006, the applicant mailed an IDS statement that inadvertently contained three errors. The three errors were references to foreign references JP 10289219; WO 99/22315 and its U.S. equivalent: U.S. patent number 6,128,701. Those references were inadvertently incorporated in the IDS and have nothing to do with the technology of the present invention.

To maintain proper records in the patents, it is respectfully requested that the IDS mailed on February 6, 2006 be substituted for this IDS that is being mailed on February 7, 2006.

Applicant submits the enclosed information disclosure statement that is being filed prior to the receipt of the first office action. Accordingly, it is applicant's opinion that the examiner at the U.S. Patent and Trademark Office should consider these references in determining the patentability of this application.

If Applicant becomes aware of other relevant references that are not cumulative of the submitted references, Applicant will submit them.

Respectfully submitted

Kevin D. McCarthy
